CAREER OBJECTIVE

CCE graduate from IIUC specializing in multimodal AI research (Bangla VQA), with hands-on experience building deployed AI agents and Android applications. Aiming to apply deep learning to language accessibility and to build scalable, intelligent systems.

RESEARCH INTERESTS

- **Multimodal machine learning** — architectures bridging computer vision and natural language processing.
- **Visual Question Answering** — visual reasoning with a focus on Bengali scene-text understanding.
- **Scene-text recognition** — OCR and semantic extraction from complex natural backgrounds.
- **Low-resource language modeling** — Transformer-based approaches for the Bengali language.

RESEARCH — UNDERGRADUATE THESIS

Bangla Visual Question Answering (VQA) • Researcher, IIUC

- Constructing a Bengali-context VQA dataset via primary field photography, community crowdsourcing, and targeted web scraping to address the scarcity of localized AI training data.
- Managing annotation with Label Studio; evaluating Hugging Face models with prompt engineering on Google Colab.

TECHNICAL SKILLS

Programming	Python, Java, Kotlin, C
AI/ML	PyTorch, Hugging Face Transformers, prompt engineering, data annotation (Label Studio), dataset construction
Applied AI	n8n AI-agent automation, multi-model LLM APIs, speech-to-text & vision pipelines, Google Sheets API
Android	Android SDK, Java/Kotlin, XML, Firebase
Tools	Git & GitHub, Google Colab, Android Studio, Linux

EDUCATION

B.Sc. in Computer & Communication Engineering	2022 – 2026
International Islamic University Chittagong (IIUC) • CGPA 3.268/4.00 (last 4 semesters 3.44)	
Higher Secondary Certificate (HSC)	2018 – 2020
Hathazari Govt. College • GPA 4.50/5.00	
Secondary School Certificate (SSC)	2013 – 2018
Fatehabad M.M High School • GPA 4.80/5.00	

PROJECTS

- **AI Customer-Service Agent (n8n)** — live multimodal agent (text/voice/image) on Facebook Messenger for Bismillah Steel & Traders; Google Sheets tools for FAQ and order management, custom price calculation, WhatsApp alerts.
- **IIUC Pedia (Android)** — Java/Firebase academic platform serving 500+ students.

- **Tool Bank (Android)** — multi-utility app built in Java.

EXPERIENCE

Teaching Assistant — Java Programming Sessional, IIUC	Feb 2025 – Jul 2026
Android Developer (Independent)	Oct 2023 – Present
Convener, Office & Public Relations — CCE Club, IIUC	Feb 2025 – Feb 2026

ACHIEVEMENTS

- Rookie Award — CCE Programming Contest 2022
- Winner — CCE Olympiad, CCE Fest 2022

LANGUAGES

Bengali (Native) · English (Advanced) · Hindi (Conversational)
